Edible oil regulatory reform act( erra)

CONFORMITY OF THE ORIGINAL LAW (SEASING 308 AND SEASING 403) The provisions of CLAUSE 2 (L) (3) (B) Rule XI of the rules of the cross of deputies and section 308 (a) of the Law of the ORMATION OF THE 1974 Congress (relating to estimates of a new orient authority, new spending authority or new authority, or increase or decrease in tax revenue or expenses) are not considered applicable. These products are not tight, biodegrades, we should not be treated differently from animal fats and vegetable animals. The paragraph (2) defines the term `` ``vegetableus '' to mean each type of vegetable leaf, including vegetable leaf of a seed, nut or kernel. Dear Mr. President: The Congress Organization Crime revised H.R. 436, the regular reform law of edible petrose, as ordained by the Committee of Agriculture of Câ € Mara on September 20, 1995. Mr. Ewing entered into that the project, as changed, was favorably reported as a mara for consideration of the correction calendar: Financial responsibility. The responsibility of the responsible party is limited to the same amount as the tank ship and that party responsible must establish and maintain, in accordance with the regulations promulgated by the transportation secretary, evidence of sufficient financial liability to meet the removal costs and damage caused by the incident of a discharge. Differentiation between fats, leafy and undercoats (a) of this section requires a federal agency in the emission or application of a regulation, an interpretation The or a guideline related to a fat, petrião or grease under a federal law, to differentiate and establish and establish separate categories for animal fats and vegetable and other ones. , carries a load or fuel leo) using any place subject to the United States jurisdiction; or (2) any ship using the exclusive exclusive zone for transcribing or lighter length intended for a place subject to the United States jurisdiction; It should establish and maintain, according to regulations promulgated by the secretary, evidence of sufficient financial liability to meet the amount of responsibility for which [in the case of a tank] in the case of a tank vessel ( of a tank ship carrying animal fat or vegetable leaf), the responsible part may be subject to the section 1004 (a) (1) or (d) of this law, or to which, in the case of any Another ship, the responsible party could be subjected to the 1004 (a) (2) or (D), in a case where the responsible party would be entitled to limit responsibility under this section f o. . or on behalf of the party, with regard to each incident should not exceed (1) [for a tank vessel] to a tank vessel (except a tank vessel carrying animal fat or vegetables ), the largest de- (a) \*\*\*\*\*

\*\*\*\*\* Sec. If the responsible party has or operates more than one boarding, the evidence of financial liability will need to be established only to meet the value of the appropriate mother responsibility. ;Ximo. Reporting to Rollcall's Bill-Bill in accordance with Class 2 (L) (2) of Rule XI in the Deputies' Count, the bill was reported, as changed, with a quorum actually present by a vote of voice. The estimate and comparison required to be prepared by the director of the Congress orion of the Congress under the clade 2 (L) (C) (3) of rule XI of the rules of the Câ Mara Deputies and section 403 of the 1974 Congress Law Prior to the presentation of this report, they are the following: US Congress, Congress Orion, Washington, DC, September 1995. Changes in the existing law made by the bill, as reported in accordance with Class 3 of Rule XIII of the rules of the deputies, changes in the existing law made by the bill, as reported, are Showed as follows (the existing law proposed to be omitted, is among black brackets, the new maturity is printed in italal, the existing law in which no change is shown in Roman) : Pollution Law of the 1990s Petro. Honestly, James L. Hon. 4. O'Neill, Director). 2. 104th Congress Rep. Due to the failure of regulatory agencies in differentiating fats, leafy or greases and other ones, this act instructs these agations to differentiate between animal fats and vegetables and all other ones, including tandwritten petram and nonsense. . By promulgating prevention regulations and response to the pollution of the petrother. 3. President Roberts summoned the meeting to order in the presence of a quorum and, without object, dismissed the Subcommittee on Department Operations, Nutrition and Foreign Agriculture of a consideration Additional H.R. 436. This operation, without objective, being adopted by a vote of voice, Emerson, which changed that the Committee authorizes the president to offer the necessary moons in the Câ € to go Conference with the Senate about the bill, H.R. 436, or Senate bills. There was no moment or registered voting request. These different animal and vegetable fat products include, among others, lubricants, greases, hydraulic wires, solvents and mono-alkyl steres used â € ught as fuel for diesel engines (biodiesel). Differentiation between fats, and greases. The amendment is as follows: Remove all the promulgation and insertion of the following: section 1. The federal agency will also apply different standards to the federal agency. Fat classes and the ones. In addition, the ` animal fat '' includes any fat, leo or grease mentioned in section 61 (a) (2) of the 13, the United States. No supervision -specific activities of the detailed audiences in this report were conducted by the Committee in the definition of Class 2 (B) (1) of the rules of the rules of the deputies. This act can be cited as `` regular refurbishment law of edestable il. In addition, the term `` ``vegetableus '' includes any vegetable leaf referred to in section 61 (a) (1) of the 13, the United States of the United States. Blum (for June E. Section 2. Definitions paragraph (1) of this section defines the term ` animal fat '' to mean each type of animal fat, leo or grease, including fat, leo or fish grease or a marine mother. (b) Financial responsibility. - The first sentence of the law 1016 (a) of the law (33 U.S.C. 2716 (a)) is changed when reaching `` `` In the case of a tank ship '' and inserting `` `` in the case of a tank vessel (except a tank ship that carries animal fat or vegetable), 'act' '. Session Part 1

H.R. 436] [Including Cost of the Congress Order Cost] The Agriculture Committee, to whom the bill was sent (H.R. 436) to demand that the head of any Federal Agency Differentiate between fats, and greases of animal, marine or vegetable and other greases and greases, in emitting certain regulations and for other proposals, having considered it, reporting favorably with an amendment and that the account as changed passes. Definitions. Objective and need for the objective of the regulatory reform law of edestable petrose aims to avoid the application of expensive, inadequate and counterproductive regular requirements intended for petram and others to animal fats and vegetables. 1016. (B) Consideration. , the head of the federal agency must consider differences in fanic, quamous, biological and others properties and, in the effects on human and environmental health, classes. Limits of responsibility. Section 4. The contact of the CBO team is David Hull. Such products of animal fat and vegetable oil include, among others, lubricants, greases, hydraulic wool, solvents and mono-alkyl steres used as a fuel for diesel engines (biodiesel). (a) in general.-A emit or apply a regulation, an interpretation or guideline related to a fat, petrose or grease under a federal law, the head of a federal agency must (1) differentiate between and establish separate categories for (a) (i) animal fats; and (ii) vegetables; and (b) others, including petram leo: and (2) apply different patterns to different fat and leaf classes as provided in subsection (b). Consideration of the Committee The Committee of Agriculture met, according to the notice, on September 20, 1995, being a quorum present, consider H.R. 436, the `` Regulatory Reform Law of edestable petram '' and other pending businesses. As used in this act: (1) animal fat. Any fat, petrião or grease referred to in section 61 (a) (2) of Tain 13, USA of the United States. Federal agencies should consider the differences in the fanic, quemic, biological, Other properties between animal fat classes and vegetables and the classes of other ones, and on the effects on human health and the environment of the classes. Committee entered the commitment to other business items. Mr. Ewing was recognized by an explanation of the project. Supervisory declaration of any summary of the conclusions and supervisory recommendations made by the Committee on Government Reform and Supervision under Class 2 (L) (3) (D) of Rule XI From the rules of the deputies of the deputies was available for the Committee with reference to the subject specifically addressed by H.R. 436, as changed. The promulgation of H.R. 436 would not affect direct expenses or receipts. The project defines animal fat and vegetable leaf and would require the head of a federal agency to apply different regular patterns to fat classes and vegetables and other classes of other ones, including petroleum leo, based on fanic properties, quinumic properties and other ones, the federal agency must consider the differences in fanic, chemical, biological properties and others , and on the effects on human health and in the environment of the environment of the classes. Sec. Motor is also adopted by a vote of voice. Administration position moment of presentation of this report, report, The Committee did not receive a report from the US Department of Agriculture on H.R. 436, as changed, to require the head of any federal agency to differentiate between fats, and greases of animal, marine or vegetable and others and so much, by emitting certain regulations and for other purposes. Mr. Ewing offered an amendment in the nature of a substitute, H.R. 436, which was adopted by a vote of voice. This law limits the responsibility under the 1990 -leo pollution law by a tank ship that carries animal fat or vegetable leaf to over \$ 600 per gross tonne of the tank ship or \$ 500,000. Financial Responsibility This is established that, according to the 1990 -leo pollution law, the responsibility for a tank ship that carries animal fat or vegetable is limited to the largest of US \$ 600 per gross ton of the tank ship or \$ 500,000. Section 3. Apons an explanation of the account and a brief discussion. Therefore, payment procedures as used will not apply to it. (2) vegetable leo. ) From the 13th, the United States. If you want more details about this estimate, we will have the pleasure of providing them. As a result, regulatory agencies, despite scientific evidencies and other data that justify differentiation, proposed or issued regulations that regulate animal fats and vegetables in the same degree as the tannxical ones. Declaration of inflationary impact according to Clâouse 2 (L) (4) of rule XI of the rules of the deputies of the deputies, the committee estimates that the promulgation of H.R. 436, as changed, will not have an inflationary impact on the national economy. Brief Explanation The regular reform law of edestable petrose was designed to demand federal agencies in the emission or application of a regulation, an interpretation or a guideline to differentiate and establish separate categories for animal fats and vegetable and other ones, such as petram. (a) Limits of responsibility. If 1004 (a) (1) of the 1990-leo pollution law (33 U.S.C. 2704 (a) (1)) is changed by reaching `` `` for a tank ship '' and insertion `` `` for a tank vase (except a tank ship that carries animal fat or vegetable leaf) ''. So short. The committee intends that the definition of the terms" ` animal fat '' and `` `` vegetable leo '' include products made of animal fats and vegetables that are not containing additives of petram or tâ. Due to the wide definition of petrose in the 1990 -leo pollution law, regulatory agencies usually failed to differentiate between animal fats and vegetable leaf and others, such as petroleus. \*\*\*\*\*
